

Project Graduation (PG) is a pathway to success and completion at TSU.

PG is a Campus Wide Accountability System that maps out the steps you should take each semester in the areas of Academics, Financial Planning, Career Exploration, and Wellness. **Utilizing a passport model, pathways defined by student success points are outlined for what you should have completed by 30, 60, 90, and 120 credit hours.**

REGISTRATION

Ready?

Registration opens in November, and early registration is key to getting the schedule you want! **Have you taken care of business and completed everything below?**

- I have met with my advisor to map out my next semester of classes and my path to graduation based on my degree plan.
- I have checked MyTSU Web to ensure my balance is less than \$500.00. If it is more than \$500.00, I have filled out an installment plan and submitted it to the Office of Student Accounting in the Bell Building.
- I have checked to see if I have any holds on my account. Common holds are transcript holds and financial holds. If I have holds, I know what to do to get them removed (Don't know? Visit student accounting or speak with your Advisor).
