## November

**AMCP** held their "What's AMCP" informational meeting.

**SSHP** held a "Residency training and networking workshop" during their general body meeting.

**APhA-ASP** participated in the "Brown Bag" event to assist and counsel the medications the elderly were taking to ensure that they got the most out of their medication.

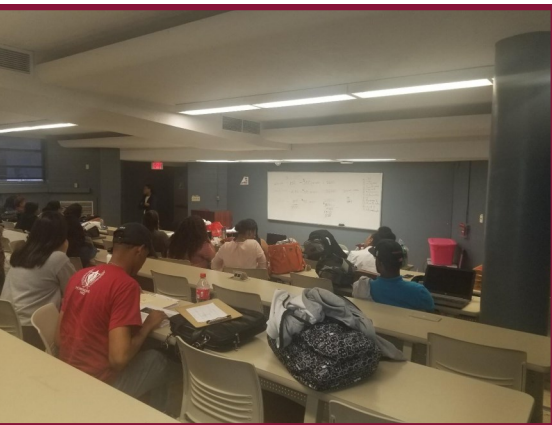

Lambda Kappa Sigma New Member Intake

**Lambda Kappa Sigma** welcomed eleven new members on November 14th, 2018. They also completed two community service projects for the month of November. Their first community service project consisted of building basic hygiene kits for a local charity, The Star of Hope- Women and Family Emergency Shelter. The second community service project they partnered with the Office of Veteran Affairs located on campus. The Office of Veterans Affairs held an event called "A Million Thanks", in which they wrote thank you cards that will be sent to the US troops for the holiday season.

## December

Several Texas Southern University College of Pharmacy and Health Science students traveled to Anaheim, California to attend ASHP Midyear 2018, the world's largest pharmacy conference. Students that attend are afforded the opportunity to network with pharmacy professionals from across the country.

**Kappa Psi:** A couple of brothers held a study session for the P1s. There was a great turnout, and many found the study session helpful. To wind down the semester, they hosted a Christmas Social for all pharmacy students at Houston Just Rolling Skating Rink. There was a great turnout for that as well. We were able to meet new faces and relieve stress for the next semester.
